

GIVING FUND

A simple way to steward your giving wisely

A Giving Fund at NCF is a donor-advised fund (DAF) that equips you to manage your giving in one place with efficiency, flexibility, and faithful planning.

Benefits of a Giving Fund

A Giving Fund at the National Christian Foundation (NCF) goes far beyond just financial transactions. It connects you to a larger suite of tools designed with one goal in mind – to help you wisely discern, design, and deploy a plan for everything God has entrusted to you.

How it works

Wise stewardship is built on the right structure. A Giving Fund empowers you to manage your giving, charitable investing, and granting in one place.

Open a fund

Make gifts of publicly traded securities or cash, including net proceeds from liquidated assets, to your fund.

Select investment options

Select from NCF's investment pools, build a custom strategy, or recommend your advisor to manage the fund's investments with a Separately Managed Account.

Grant to charities

Log in to your fund anytime to recommend grants, browse charities, and set recurring schedules.

An investment in our ministry

A small portion of each Giving Fund balance is retained by NCF to sustain our ministry. This ministry support fee enables us to help facilitate billions in grants to charity, provide superior resources for you, foster local communities of generosity, and grow an innovative charitable ecosystem.

The NCF difference

We sit at the unique intersection of generosity partners, cause experts, gift planners, experienced professionals, and faithful givers. Our role among these charitable giving innovators ensures that you have access to a creative generosity ecosystem you won't find anywhere else.
